Another Opportunity for the USTA Georgia State Tournament!

USTA Atlanta will be limiting the number of teams for each division level. If your team wants to participate, please create your team and add your minimums ASAP! If a level is marked as wait listed, please email maegan@ustaatlanta.com to add your team to the list. We will accommodate as many teams as possible.

Please note – ALTA has changed the date of their Mixed Doubles City Final and it will now take place on the same weekend as this tournament. Please ensure prior to registering that you have enough players available to play in this tournament that won't have a conflict with ALTA Mixed Doubles. Any team that withdraws from the tournament after schedules have been published is subject to a grievance and no refunds will be provided.

Team Requirements

- **Forming a Tournament Team:** Teams need at least 6 eligible players registered by the deadline. Of the 6 players on the roster, teams must be able to provide 3 separate lines of 3 possible double pairings. *For example, in the 6.5 division, you cannot provide 3 separate lines of possible doubles pairings if your players are rated 2.5, 3.0, 3.5, 3.5, and 3.5.*
- **Captain Information:** Captains must have a current email address to receive league tournament information. As captain, you are responsible for getting all USTA Atlanta information to players. Please ENSURE that your e-mail and phone number is correct in TennisLink.

Player Requirements

- **New USTA Players and/or Self-Rated Players:** New players that do not have a NTRP rating must self-rate using the USTA League Self-Rating Guidelines as found on www.ustageorgia.com (NTRP Ratings > Self Rating Guidance). Individuals are required to answer a series of questions prior to self-rating. It is strongly recommended that self-rated players register at least 15 days prior to the registration deadline so any appeals can be handled before the close of registration. If a person has a computer rating

generated 3 years ago (2 years ago for players 60 & Over), s/he will be permitted to enter a new self-rating.

- Ratings for the Combo Doubles Qualifier: Players must use their **2024 YEAR-END RATING** that is published in [TennisLink](#).
- Age Eligibility: Players must be at least 18 or older to compete.
- USTA Membership: All players must have a USTA membership that is current through August 31, 2025. To join or renew a membership, go to www.usta.com or call 1-800-990-USTA. Current members can change contact information by calling Membership Services (number above) or emailing at memberservices@usta.com.
- It is the captain's responsibility to make sure that the team registers at the correct playing level and has enough players eligible to compete. An individual player's rating must not exceed the highest rating allowed per level as follows:

Level	Player Level Combinations	Individual Rating Cannot Exceed
6.5	3.5 with a 3.0 3.0 with a 3.0	3.5
7.5	4.0 with a 3.5 3.5 with a 3.5	4.0
8.5	5.0 with a 3.5 4.5 with a 4.0 4.0 with a 4.0	5.0

- Combo Doubles results are not factored into NTRP computer ratings for adult league play. A person's computer rating will not change for active participants in the adult leagues due to participation in this league.
- Captains should check with all players before registering them for the team. **Once payment has been made no full refunds will be issued.** We recommend that each player be responsible for registering themselves on a team.
- If you need additional players for your team, please visit: <https://www.ustaatlanta.com/findateam> to view a sortable list of players looking for a team.

“CREATING A TEAM”

- Go to <http://tennislink.usta.com/leagues>
- Once you are on the TennisLink homepage, you will need to either create a new account or log in to your account. If you already have a TennisLink account, enter your USTA number and password to log in.
- **All Captains must create a new team number each season.** This step creates a team number *and* registers the captain on that team.
 - Click on the “Register for a team” link
 - Instead of entering a team number, click the link on that page to create a new team.
 - Select Section **(USTA/Southern)**
 - Select District/Area **(GEORGIA)**

 - Follow the instructions on the screen for payment.
 - **Write down your team number.** Print a copy of your confirmation. You need the team number to give to your players so that they can register on your team.
